

Five Star

Laser transfer paper for Light & White fabrics INFORMATION & INSTRUCTIONS

Please read instructions carefully and feel free to contact Merlin Transfers with any questions before use.

Tel: 01702 600200 email: sales@merlintransfers.com

Back Print

Light Green dots and dashes - A4 & A3 paper

Fabrics

White or Light coloured: 100% cotton 100% polyester Poly/cotton blends.

Equipment

Computer, Colour Laser Printer / Copier, Heat Press.

Printing

Design your image and resize if necessary **NB:** Ensure your design is in mirror image.

Five Star should be printed using the by-pass tray in your printer (If your printer has a rear exit door that will allow the paper to exit straight out the back we suggest you test the paper using this configuration.)

Print on the white matt coated side of the transfer sheet

Set your printer paper setting from **Heavy Paper** or similar (depending on the settings in your printer driver)

***NB:** These settings are guides only, you will need to conduct your own tests All technical information and recommendations are based on tests we have conducted. Users should conduct their own tests before proceeding.

Pressing

- Prepress Fabric for **5-10 seconds**
- Place image face down on to the fabric.
- Press for **20 Seconds (200°C)** on High pressure.
- Remove transfer paper immediately using a low and fluid motion.
- For a softer finish stretch the garment into the width.

Washing

Wait 24 hours before washing, and turn textile inside out.

Machine wash up to **60°C** on warm wash cycle using mild detergent.

Recommended: HANG DRY

After washing we recommend turning shirt inside out and ironing the image from the back. **NB: Do not Dry Clean.**

Storage

This paper has an indefinite shelf life when stored at room temperature. Keep away from direct heat, sunlight and humidity.
