Tel: 01702 600200 email: sales@merlintransfers.com

- General Use** Suitable for Light or Dark coloured Fabrics in 100% Cotton or Poly/Cotton Blends, Poly/Foam and Cotton Caps.
Laser Dark Premium works in colour laser Printers
- Back Print** Laser Dark Premium Transfer Paper in Blue
- Equipment Required** Computer, Colour Laser Printer, Heat Press, Cutter / Plotter Optional
- Printing** Design your image and place your cut lines. (if needed)
Print and Cut your design in right reading.
Print on the coated side of the paper (white matte side, where film peels off)
For best results **'Heavy/ Label' print mode**
- Cutting Notes** You should always test cut prior to any production run. Remember cutter settings will need to be adjusted as your blade ages. For optimal cutting and weeding, maintain a line thickness of at least 1/8" for lettering & logos.
- Transfer With Press** Weed away excess material using tweezers or weeding tool
Pre-press garment for 5 seconds
Remove backing material and place on fabric with image face up
Place Silicon sheet on top of image
Press at 175°C **for 30 seconds. Use Medium Pressure**
Peel Silicon sheet cool
- Washing Instructions** Wait 24 hours before washing. Turn garment inside out and machine wash in warm water.
Do not use Bleach or Fabric softener
Detergents with bleach additives are not recommended
Wash temperature cannot exceed 40°C
Dry garment in dryer in warm air or hang dry.
Do not dry clean
TIP: After washing, turn the garment inside out and iron over the back of the imaged area
This will brighten the image.
- Storage** Inkjet Dark Premium has an indefinite shelf life when stored at room temperature.
Keep away from direct heat, sunlight and humidity.
